Larry Hulsey

Executive President's Team 15K

Prior to Herbalife, Larry Hulsey was an 18 year old college dropout waiting tables at Red Lobster. He was so broke, he was riding a bicycle to and from work. His wife, Heather, was also a college dropout and waitress before Herbalife.

They both got great results on the products! Larry attended every training class he could get to and within 4 months, he quit his job! That was his last job...over 18 years ago!!! They have 4 kids and live an amazing lifestyle that allows them to give to orphans, travel the world, be their own boss, and help people every day! It's been an amazing journey and they are JUST GETTING STARTED!!!
