Customer sales self-reporting on @Amway just got easier! Thanks for the improvements. #AmwayRocks

Sales reporting just got easier

The enhancement is now live on Amway.com and only requires your customers name, method of contact, and PV amount. The new process will eliminate the address check that prevents certain sales from being counted toward your QCPV when an address matches the IBO's address. This simplified version is now available on your mobile device, for the first time ever!
